

Friendly Reminder!

The City of Sachse has
year-round watering regulations
for water conservation.

WE NOTICED THAT YOU:

- Are watering on the wrong day
- Are overwatering
(water on street or driveway instead of just grass)
- Other: _____

The City of
SACHSE

Date: _____

Address: _____

Employee Name: _____

WATERING SCHEDULE

APRIL 1 - OCTOBER 31

Two Days Per Week

Even-numbered home address: Thursday and/or Sunday

Odd-numbered home address: Wednesday and/or Saturday

NOVEMBER 1 - MARCH 31

One Day Per Week

All home addresses:

Permitted on your regular designated trash day

PROHIBITED WATER USE:

- Prohibit lawn irrigation watering from 10 a.m. to 6 p.m.
- Prohibit the use of irrigation systems that water impervious surfaces. (Wind driven water drift will be taken into consideration.)
- Prohibit outdoor watering during precipitation or freeze events
- Prohibit excess runoffs or other obvious wastes

EXCEPTIONS:

- Non-commercial car washing can be done only when using a water hose with a shut-off nozzle
- Landscape associated with new construction may be watered as necessary for 30 days from the installation of new landscape features
- Watering of foundations, new landscaping, new plantings (first year) shrubs, and trees (within a ten foot radius of its trunk) may be watered by hand-held hose, use of dedicated irrigation drip zones, and/or soaker hose provided no runoff occurs
- Additional watering of landscape may be provided by hand-held hose with shutoff nozzle, used of dedicated irrigation drip zones, and/or soaker hose provided no runoff occurs
